EYE Light 2016

Dear Advisors and Students,

The year marks the 15th Annual EYE Light Film Festival. As many of you know the festival has undergone several changes over the years. This year is no exception. VYVA is still trying to stabilize the festival while offering more opportunities to students, and this year will be adding an opportunity for the VMA department of the schools.

The major changes this year are as follows:

VYVA will accept college student submissions

The school of the Best Picture Winner will receive a matched award donation for the VMA department (this total will be based on the amount of donations received for the festival)

One or more of the films premiered at the festival will be chosen for a special premier at the Sacramento Diversity Film Festival in the Fall of 2016

One or more students who are present at the festival will receive the opportunity to be on the set of a local series production

Thank you for all your hard work. VYVA looks forward to seeing all of your submissions and is excited for a new year of fostering the next generation of talented film makers.

Sincerely,

Lynn Larsen
President
